

## École Amherstview Public School Safe Schools and School Climate School Improvement Plan 2017-18

**Overall Goal:** Creating a positive school climate that supports a safe learning and teaching environment in which every student can reach his/her academic potential.

**Bullying will not be accepted on school property, at school-related activities, on school buses, or in any other circumstances (e.g., online) where engaging in bullying will have a negative impact on the school climate.**

**School Specific Goal(s):** Students' sense of belonging, safety and wellness will improve as measured in OurSCHOOL School Climate Survey and other indicators.

Needs Assessment (Based on...)	Training Strategies & Resources for School Climate and Bullying	Prevention and Awareness-Raising Strategies for a Positive School Climate and Bullying	Intervention and Support Strategies for School Climate Concerns and Bullying	Communication and Outreach Strategies regarding School Climate and Bullying	Responsibilities & Actions	Monitoring and Review Process

**Ministry Definition of Bullying:** Bullying means aggressive and typically repeated behaviour by a pupil where (a) the behaviour is intended by the pupil to have the effect of, or the pupil ought to know that the behaviour would be likely to have the effect of, (i) causing harm, fear or distress to another individual, including physical, psychological, social or academic harm, harm to the individual's reputation or harm to the individual's property, or (ii) creating a negative environment at a school for another individual, and (b) the behaviour occurs in a context where there is a real or perceived power imbalance between the pupil and the individual based on factors such as size, strength, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or the receipt of special education. Bullying behaviour can be physical, verbal, written, or social in nature and can occur through the use of technology. Cyberbullying includes (a) creating a web page or blog in which the creator assumes the identity of another person; (b) impersonating another person as the author of content or messages posted on the internet; and (c) communicating material electronically to more than one individual or posting material on a website that may be accessed by one or more individuals.
